Additional District Magistrate
Dhenkanal

PROCEEDINGS OF THE PUBLIC HEARING MEETING FOR KUSUPANGA & KURUNTI BRAHMANI SAND QUARRY (CLUSTER) OF THE TAHASILDAR, ODAPADA OVER AN AREA OF 8.7 Ha. AT KUSUPANGA AND KURUNTI VILLAGES UNDER ODAPADA TAHASIL OF DHENKANAL DISTRICT HELD ON 21.08.2024 AT: 11.00 A.M. IN THE OFFICE PREMISES OF KUSUPANGA G.P OFFICE, KUSUPANGA VILLAGE IN THE DHENKANAL DISTRICT.

Smt. Anita Patra, O.A.S. (S), Additional District Magistrate, Dhenkanal presided over the meeting along with Er. Ramesh Kumar Ekka, Regional Officer, State Pollution Control Board, Angul, Odisha.

At the outset, Regional Officer welcomed the public present in the meeting. He briefly described the objective of the public hearing meeting conducted as per the provisions of EIA Notification No. S.O. 1533(E) of Dt.14th September 2006 of the Ministry of Environment and Forest & Climate Change (MoEF & CC), Government of India. He also informed that the date, time and venue for conducting the public hearing meeting for Kusupanga & Kurunti Brahmani Sand Quarry (Cluster) of the Tahasildar, Odapada over an area of 8.7 Ha. At Kusupanga and Kurunti villages under Odapada Tahasil of Dhenkanal district was scheduled to be held on 21.08.2024 at 11.00 AM in the Office premises of Kusupanga G.P. Office, Kusupanga village in Dhenkanal district was duly advertised in Odia daily "**The Sambad**", dtd. 17.07.2024 and English daily "**The Times of India**" dtd.17.07.2024 (Paper clipping are enclosed as **Annexure-I**).

The Addl. District Magistrate also briefed about the sand quarry project and requested the public who were present during public hearing meeting to express their opinion and views. She also requested the representative of the project to highlight about their quarry before the public.

On behalf of the project proponent, Sri Goutam Sahoo, Consultant briefed about the proposed project and stated that, the basic objective of the project is to meet the utilization of mineral demand in the region. The urbanization and industrialization has enhanced the demand of building material. Mainly, in infrastructure projects-like highways, buildings, township etc. which has raised the demand of river sand. The mining operation as proposed will be done by manual opencast method. Quarrying activities will be done following all the security majors. Rules and regulations of DGMS and IBM will be observed during the Quarrying operations to avoid unwanted circumstances. Mined out material of commercial use will be transported by trucks / dumpers. Haul road of suitable width is proposed for proper and smooth quarry operations. The key air emissions from the mining activities (loading, and transportation) are Particulate Matter. Use of proper mitigation measures will be taken like water sprinkling on haul roads & development of green area to control fugitive emissions. The mining process will not divert and utilize the surface & ground water. Quantity of water will remain the same. Ground water table will not be intersected. The impact on surface water will be positive as the river gets channelized and the flow of the water flow will not be hindered. Major noise generating sources of the mining activity are HEMM movement. The plantation and the green belt along haul road and nearby areas will help in reducing noise level and proper mitigation measures will be carried

out. The proposed project will help the local economy directly as well as indirectly as it will generate substantial employment in the region.

Regional Officer invited the public to keep their views on environmental related issues for the proposed project and also requested the public to register their names before delivering their views, opinions and suggestion about the proposed project.

About 50-60 participants have attended and out of them 37 participants have put their signature in the attendance sheet whose list is annexed as **Annexure-II**. During meeting, 08 persons have registered their names and delivered their views. List is annexed as **Annexure-III**.

Statements of the public participated in the deliberation during public hearing meeting is as follows;

| Sl. No. | Name of the participants and their deliberation on the sand quarry: |
|---------|--|
| 1. | <u>Sri Harihar Samal, Kurunti:</u> He expressed his dissatisfaction over the conducting of public hearing meeting and informed that as per Article 29 and Para 30, the public hearing meeting should not be held and urged before the public hearing conducting authority to briefed about the cited article. Finally, he submitted a written application to the chairperson, which was handed over to Regional Officer.. |
| 2. | <u>Sri Nityananda Behera, Kusupanga:</u> He stated that, local people have not been informed regarding conducting of public hearing meeting. He also informed that, the local villagers are getting affected due to surrounding environmental pollution and no investigation has been done. |
| 3. | <u>Sri Rabinarayan Nayak, Kurunti:</u> He expressed his dissatisfaction over the proposed project and stated that there is no dedicated road connectivity from the proposed sand quarry to National Highway under these circumstances he put a question for operation of the sand quarry project. Further, he stated that there is no road for villagers of Kurunti and dust pollution is taking place and no water sprinkling is being carried out. He raised the pollution related issues of BRG company operating nearby their village. |
| 4. | <u>Sri Santosh Kumar Sahoo, Kurunti:</u> He expressed his dissatisfaction over proposed sand quarry project and stated that there is no separate road for the proposed project and alternatively canal road is used for transportation. Due to plying of heavy vehicles like Hywa, the canal road has been damaged and demanded before the authority to restrict the plying of vehicles through canal road. Also informed that many agricultural fields are getting irrigated though this canal water. He alleged that plantation has been damaged by different sand quarry units. Finally, he demanded before the govt that; the road shall be constructed for the welfare of the local people. |
| 5. | <u>Sri Dusmanta Rana, Kurunti:</u> He stated that there is no road connection in Kurunti village for the transportation of sand. He also informed that UP school and High School is located close to this proposed project and may get affected due to the proposed project. |

| | |
|----|---|
| 6. | Sri Gobinda Chandra Sahoo, Kurunti: He expressed his dissatisfaction over the proposed project and informed that there is no dedicated mineral transportation road for the proposed project. Also, he informed that, the proposed project will impact school children's, local villagers, surrounding environment, pond, well etc. and hence he urged before the committee to not to approve environmental clearance in favour of the proposed sand quarry project. |
| 7. | Sri Naresh Chandra Rout, Kusupanga: He expressed his dissatisfaction and informed that local villagers are unknown about the conducting of public hearing meeting for proposed project. Finally, he objected the proposed project and requested the authority to close down the project. |
| 8. | Sri Rabi Narayan Nath, Kusupanga: He informed that, there is no road for Kusupanga village and hence, he urged before the authority to first think about construction of road, developmental activities for the temple and local villagers then think about the proposed project. |

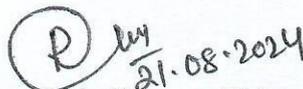

Summary of the points raised by the participants are being briefed by Regional Officer and same in English and Odia (vernacular language) is enclosed as **Annexure-IV (A & B)**.

After the completion of the deliberation process the Regional Officer invited the representative of the proposed project to give a brief note on the issues related to the demand and grievances of the participants raised in the public hearing meeting.

On behalf of the project proponent, Sri Goutam Sahoo, consultant responded on the issues raised by the participants and the same in English and Odia (vernacular language) are enclosed as **Annexure-V (A & B)**. The video recording of the public hearing meeting is enclosed as Compact Disc (CD). During meeting 03 nos of applications were received which are enclosed as **Annexure-VI**.

Regional Officer proposed the vote of thanks to the Chair as well as to the public and Addl. District Magistrate announced the closing of public hearing meeting.

The meeting ended with vote of thanks to the Chair.

STATE POLLUTION CONTROL BOARD, ODISHA

(Department of Forest, Environment & Climate Change Govt. of Odisha)

Paribesh Bhawan, A/118, Nilakanthanagar, Unit-VIII, Bhubaneswar-751012

No. 10524/IND-II-PH-1216

Date : 12.07.2024

NOTICE

It is brought to the notice of all concerned that **The Tahasildar, Odapada has proposed to have Environmental Assessment for Kusupanga & Kurunti Brahamani Sand Quarry (Cluster) over an area of 8.7 Ha. at Kusupanga and Kurunti villages under Odapada tahasil of Dhenkanal district** to obtain Environmental Clearance from State Environment Impact Assessment Authority (SEIAA), Odisha. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement / sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed mining project in writing or orally may also do so during the public hearing to be conducted on **21-08-2024 at 11.00 A.M in the Office Premises of Kusupanga G.P Office, Kusupanga village in Dhenkanal district.**

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) / Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website www.ospcb.org free of cost.

- District Collector's Office, **Dhankanal.**
- District Industries Center, **Dhankanal.**
- In the office of the Chief Executive Officer, Zilla Parishad, **Dhankanal.**
- In the Head office of the State Pollution Control Board, Odisha, Paribesh Bhawan, A/118, Nilakanthanagar, Unit -VIII, Bhubaneswar -12.
- Regional Office, State Pollution Control Board, Odisha, **Angul.**
- Department of Forest & Environment (Environment), Govt. of Odisha, Bhubaneswar.

For any further clarification in the matter, the **Regional Officer, State Pollution Control Board, Angul** or the **Member Secretary, State Pollution Control Board, Odisha** at Bhubaneswar may be contacted.
