Bhubaneswar.

Sub: Public hearing for M/s. Kalyani Steels Ltd., for setting up of 1.43 MTPA Greenfield Integrated Advanced Specialty Steel Plant at village Gajamara in Dhenkanal District was scheduled to be held on 03.09.2025 at 11.00 AM on at Godipadia, Near GP Office, Talabarkote in Dhenkanal District-reg.

Madam,

With reference to the subject cited above, please find enclosed herewith the proceeding for the public hearing meeting conducted on 03.09.2025 at 11.00 A.M. at Godipadia, Near GP Office, Talabarkote in Dhenkanal District of M/s. Kalyani Steels Ltd., for setting up of 1.43 MTPA Greenfield Integrated Advanced Specialty Steel Plant at village Gajamara in Dhenkanal District.

This is for kind information and necessary action.

Encl: As above

Yours faithfully

Regional Officer

Encl: 1. Proceedings of Public Hearing – 2 Sets.
2. Video recording of Public Hearing – 2 sets. (each set 2 nos. CD)

PROCEEDINGS OF THE PUBLIC HEARING MEETING OF M/S KALYANI STEELS LTD. FOR SETTING UP OF 1.43 MTPA GREENFIELD INTEGRATED ADVANCED SPECIALITY STEEL PLANT AT VILLAGE GAJAMARA IN DHENKANAL DISTRICT HELD ON 03.09.2025 AT 11.00 A.M., AT GODIPADIA, NEAR GP OFFICE, TALABARKOTE IN DHENKANAL DISTRICT.

Sri Lalit Mohan Behera, O.A.S. (S), Addl. District Magistrate (Revenue) Dhenkanal presided over the meeting along with Sri Bibudha Garanaik, O.A.S. (SB), Sub-Collector, Dhenkanal Sadar and Er. Ramesh Kumar Ekka, Regional Officer, State Pollution Control Board, Angul, Odisha.

At the outset, Regional Officer welcomed the public present in the meeting. He briefly described the objective of the public hearing meeting conducted as per the provisions of EIA Notification No. S.O. 1533(E) of Date 14th September 2006 of the Ministry of Environment, Forest and Climate Change (MoEF & CC), Government of India. He also informed that the date, time and venue for conducting the public hearing meeting for M/s. Kalyani Steels Ltd. for setting up of 1.43 MTPA Greenfield Integrated Advanced Speciality Steel Plant at village Gajamara in the Dhenkanal District was scheduled to be held on 03.09.2025 at 11.00 A.M. at Godipadia, Near GP Office, Talabarkote in Dhenkanal District was duly advertised in Odia daily "The Prameya", dated 02.08.2025 and English daily "The Indian Express" dated 02.08.2025 (Paper clipping, are enclosed as Annexure-I).

The Addl. District Magistrate has also briefed about the proposed Steel Plant and requested the public who were present during the public hearing meeting to express their opinion and views on the proposed project. He also requested the representative of the project to highlight about their proposed project before the public.

On behalf of the project proponent, Sri Smarak Ranjan Mohanty, Assistant Vice President (AVP) of M/s. Kalyani Steel Ltd., addressed the public and briefed about proposed project and stated that Kalyani Steels is now undertaking a 1.43 MTPA Greenfield Integrated Advanced Special Steel Plant (IASSP) project at villages Talabarkote and Siaria near Gajamara in the district of Dhenkanal, Odisha. The total investment for this project will be approximately ₹11,058 Crore. On this, significant allocations have been made for pollution control measures, green initiatives, and social development projects in and around the region. As per the EIA Notification 2006 and subsequent amendments, a Draft EIA Report was prepared by EIA consultant M/s. M N Dastur & Co. (F) Ltd., Kolkata and submitted to OSPCB for conducting Public hearing. He informed the detail facilities of the proposed project and stated that, the project will include a Coke Oven Plant-1x 0.78 MTPA, Blast Furnace-1x1.5 MTPA, Sinter Plant-1x 2.4 MTPA, Lime Calcination Plant-2x 300 TPD, Electric Arc Furnace or Zero Power Furnace-1x 60 Tons, BOF-1x 60 Tons, IF-2x50 Tons, LF-4x60 Tons, VD-1x 60 Tons, RH degasser-2x 60 Tons, AOD-2x65 Tons. For down stream processing, there will be Ingot Casting- 0.16 MTPA, and CCM-2X0.65 MTPA & 2X 0.7 MTPA. In terms of rolling facilities, the project will include a Heavy Bar, SBO, & Wire Rod Mill-1X 0.6 MTPA, Large Bar Mill- 1X 0.8 MTPA. To support these operations, auxiliary units will also be established. These include Oxygen Plant-1X420 TPD & 1X460 TPD, Pig Iron Casting Machine-2X1,200 TPD. Power will be generated from by-product fuel gas based power plant & Blast Furnace TRT power generation- 1x 18 megawatts and Coke Oven WHRB Power Plant- 1X 64 MW and BF TRT- 1X 7.5 MW respectively. The project will be implemented over 224.737 ha of land already acquired and allocated by IDCO (Odisha Industrial Infrastructure Development Corporation) to Kalyani Steels Limited. Out of this, 33% of the land will be developed as greenbelt in the plant area to improve the environmental condition and to mitigate environmental impact. Clearance of old cashew trees which are at the end of their life would be carried out. Out of 224.737 ha: 60.203 ha is Forest area and

application for diversion of same area has been submitted to MoEF & CC, which is under consideration at Ministry for stage-1 approval. This project is expected to generate substantial employment opportunities such as during construction phase: about 12,000 contractual workers will be engaged and 500 people will be directly employed. During operational Phase: about 3,000 permanent employees and 7,200 contractual workers will be directly employed, in addition, indirect employment will be generated through ancillary industries, service providers, and local businesses. As per statutory requirements, an Environmental Impact Assessment (EIA) report has been prepared by a reputed consultancy, based on extensive baseline studies. Air Quality: PM10 levels recorded between 43.95 – 68.88 $\mu\text{g}/\text{m}^3$, PM2.5 between 22.77 - 34.44 $\mu\text{g}/\text{m}^3$, SO₂ and NO_x levels are well within CPCB standards. Water Quality: Surface and groundwater tested show permissible limits for most parameters, except for some bacterial contamination in surface water, requiring treatment before drinking use. Soil Quality: Tests indicate suitability for industrial use, with no hazardous contamination. Noise Levels: Found within acceptable limits for industrial areas. Kalyani Steels is committed to ensuring that this project is not only economically beneficial but also environmentally sustainable. For this, a comprehensive Environmental Management Plan (EMP) has been designed: for (1) Air Pollution Control: Covered conveyors for raw material handling, Dry type gas cleaning plant with bag filters, Land based fume extraction system with SO₂ scrubber and low NO_x burners, High-efficiency Electrostatic Precipitators (ESPs), Bag Filters, and Dry Fog Systems, Water sprinklers and dust suppression systems at all transfer points, Tyre-washing systems at plant exits, All stack emissions would be limited to 30 mg/Nm³ (Particulate matter) and Wind screen to arrest fugitive dust.; (2) for water management: The plant will be designed as a Zero Effluent Discharge (ZED) facility, All wastewaters will be treated in Common Effluent Treatment Plants (CETP) and recycled for process use, dust suppression, and greenbelt and Rainwater harvesting structures will be constructed to recharge groundwater.; (3) for solid waste management: Blast furnace slag will be granulated and sold to cement industries, BOF and EAF slag will be processed for metal recovery and used for road construction and soil improvement and Hazardous waste will be stored and disposed of as per CPCB norms to authorized hazardous waste handling agencies.; (4) for noise control: All rotary and vibrating equipment will be enclosed, Acoustic enclosures and vibration dampeners will be installed and Workers in high-noise zones will be provided with ear protection.; and (5) for green initiative: 33% of total land to be developed as greenbelt with native tree species. Dedicated budget for biodiversity enhancement and afforestation and Two village ponds at Talabarkote would be kept outside the plant boundary wall and renovated for utilization by the villagers. Kalyani Steels recognizes its responsibility towards the community. The company will invest in: Health and sanitation facilities, Drinking water supply systems, Skill development and training programs for local youth, educational support in nearby villages and Infrastructure development such as roads and community centers. He informed that ₹595 crore is earmarked for environmental protection measures (air, water, solid waste, greenbelt, and monitoring systems) and around ₹55 crore is earmarked for social and community development initiatives (CER). Talabarkote and Siaria will be adopted with special emphasis on improving the quality of life in these villages.

Regional Officer invited the public to keep their views on environmental related issues for the proposed project and also requested the public to register their names before delivering their views, opinions and suggestion about the proposed project.

About 400-500 participants have attended the public hearing meeting and out of them only 90 participants have put their signature in the attendance sheet whose list is annexed as

Annexure-II. During meeting, 20 persons have registered their names and delivered their views. List is annexed as Annexure-III.

Statements of the public participated in the deliberation during public hearing meeting is as follows:

Sl. No.	Name of the participants and their deliberation during meeting.
1.	<p><u>Smt. Pranayanee Jena, Sarpanch, Talabarkote:</u> She welcomed the gathering and expressed her support for the proposed project. She placed the following demands before the project proponent.</p> <ul style="list-style-type: none">• Demanded to change industry name from Kalyani Steel Ltd., Gajamara to Kalyani Steel Ltd. Talabarkote.• To provide an employment (40-50%) for the local unemployed youths in the proposed project and engage 70-80% of the local people during construction phase.• Urged to hand over the Uparagarh and Fota Pokhari (Pond) to local villagers.• To provide an actual compensation to the land losers, as they are getting difficulties to approach Lara Court at Sambalpur. hence she urged the District administration to make provision of special court to deliver the issues of compensation of the land losers and to provide Land Looser Certificate.• Establishment of an advanced health care facility for the local villagers.• Construction of Stadium, Road, Park and provision of street light and electrification in the periphery village.• To provide Gochar land for the grazing of village cattle.• Construction of temple for Thakur Anukula Chandra at the village.• To provide safe drinking water facility in the periphery village. <p>Finally, she urged the public to support the proposed project.</p>
2.	<p><u>Sri Sushant Kumar Jena, Talabarkote:</u> He expressed his support for the proposed project and informed that project will bring developmental activities and employment opportunity in the local villages. He also demanded before the project proponent to take suitable steps/approach to maintain green and clean of the local environment by controlling pollution.</p>
3.	<p><u>Sri Sudhir Kumar Jena, Talabarkote:</u> He expressed his support for the proposed project and informed that if Kalyani Steel plant will be established at Talabarkote, it will bring development of Talabarkote, Dhenkanal and also development of Odisha. He also informed that company will create an employment opportunity for the local youth and villagers and development of local villages.</p>
4.	<p><u>Sri Khan Julfat Ali, Talabarkote:</u> He expressed his dissatisfaction over the proposed project and read out the written application containing various demands and then submitted the application to the Chairman. He stated that the if proposed project namely M/s. Kalyani Steel Plant will be established, then it will create pollution in the local water resources, land and Sal forest. Further, he informed that human habitation of Talabarkote village, local environment and agricultural land will be affected by discharge of waste, waste water and air from the proposed project. This project will affect local income sources such as poultry farming, cattle farming, buffalo farming, income from cashew and mango plant farming and he alleged that land acquisition at Talabarkote village for N.T.P.C. and then Transferred to IDCO is illegal. He also alleged that many of the land losers has not yet been paid acua.</p>

- compensation and proposed project has not made any provision for the villagers getting income by cultivating mango and cashew plants on Govt. Land's many years ago. At last, he informed that proposed project will deteriorate and pollute the local environment, agriculture, water, land, forest and will affect local income sources.
5. **Sri Saroj Kumar Bhanja, Talabarkote:**
He expressed his dissatisfaction over the proposed project and informed that they have given this land to N.T.P.C., however, local villagers are unaware about the N.T.P.C. has transferred our land to IDCO, the proposed project will bring down the water level, affect local income sources, and demanded to cancel this public hearing meeting and after consultation with local public and reschedule another date and time for conducting public hearing.
6. **Sri Titu Behera, Talabarkote:**
He expressed his dissatisfaction over the proposed project and informed that we have given land to NTPC and the company has agreed to fulfil various demands such as School, Colleges, however it has not done anything. Further informed that the proposed project will create pollution to the local environment and villages and demanded not to establish the steel plant at the proposed site.
7. **Sri Biswanath Sahoo, Talabarkote:**
He demanded not to establish the proposed project in the Talabarkote village.
8. **Smt. Asanti Naik, Talabarkote:**
She supported the project and demanded to establish a Medical, College, water tank and drinking water facility for the local villagers and demanded to fulfil all the demands of the public, then we can allow the company to establish.
9. **Smt. Reena Naik, Talabarkote:** (delivered her speech after Sri Debashish Jena, Talabarkote in video recording)
She supported the project and demanded before the project proponent to provide an employment opportunity to the local youth and villagers and establish medical for the local villagers.
10. **Sri Debashish Jena, Talabarkote:** (delivered his speech before Smt. Reena Nayak in video recording)
He supported the project and placed various demands before the project proponent such as to change of company name from Gajamara to Talabarkote, provide 50% employment to the local villagers, not to include two no ponds such as Potapokhari and Uparaguda in the company lease hold area and to handover to the local villagers, provide land loser certificate to land losers, electrification, drinking water facility and construction and renovation of Thakur Anukul Chandra Temple etc.
11. **Smt. Seema Sahoo, Talabarkote:**
She opposed the project and read out the application containing various allegation and information and then submitted application to the Chairman. She informed that proposed project will create pollution of water, air, land, environment, nearby agricultural land will be affected and local villagers will be affected by disease like cancer, will affect local income sources such as poultry farming, cattle farming, buffalo farming, income from cashew and mango plant farming, vegetable farming, affect wildlife etc. At last, she demanded to cancel the project and handover the acquired land to establish one Divine University Satsang Common Platform.
12. **Sri Nihar Ranjan Dash, Talabarkote:**
He conditionally supported project and demanded to change the company name from

- Gajamara to Talabarkote, provide actual compensation to land losers, company should provide tentative employment opportunity in the proposed project in written, and developmental activities in local area and provision for the villagers getting income by cultivating mango and cashew plants in the Govt. land going to affect and provide compensation to them.
13. **Sri Jitendra Samal, Talabarkote:**
He expressed his support for the proposed project and said it will create local employment and developmental activities.
14. **Sri Kailash Chandra Nayak, Talabarkote:**
He informed that proposed project will affect water level of the locality, pollution will be arise, release of CO to the Environment, hence company should adopt suitable technology to control pollution in the local area and also demanded to carry out developmental activities in the villages, provide an employment opportunity to local villagers and also to carry out massive plantation and create forest in the nearby area in order to control the pollution.
15. **Sri Arakhita Mallick, Talabarkote:**
He informed that the proposed project will impact the ground water level and create pollution in the local area. He also demanded to provide local employment opportunity to local youths and developmental activities for the villages.
16. **Sri Raghunath Das, Talabarkote:**
He informed that many land losers has not been paid actual land compensation, so he urged to provide actual compensation as per present cost. The project proponent shall provide an employment opportunity for the local people in the project, also to take necessary steps to control pollution as per guidelines of State Pollution Control Board and finally urged the district administration to include local villagers in the RPDC meeting.
17. **Sri Somsar Ali Khan:**
He informed that various land has been provided to N.T.P.C. Gajamara and previously submitted an application to collector, but he has not received any reply to that letter. He informed that west side of the Talabarkote village is going to be coming under proposed project land area and hence raised his concerned that the local villagers will be affected and hence urged the district administration to look into the matter and finally he submitted a layout map. He also demanded to provide Gochar land and also to provide compensation as per R & R policy. Also urged to act settlement of the land first, and then proceed for company.
18. **Sri Nandakishore Raj, Talabarkote:**
He informed that previously the company (NTPC) has not provided any actual compensation to the land loser and hence he demanded before the project proponent to provide an actual compensation to the land losers.
19. **Smt. Jhuna Behera, Talabarkote:**
She demanded to provide all Govt. facilities to the poor families and also demanded before the project proponent to provide safe drinking water facility and developmental activities in the periphery village and employment opportunity for the local people in the proposed project.
20. **Smt. Chinmayee Rout, Talabarkote:**
She demanded before the project proponent to establish Divine University Satsang, which will be Common Platform for peaceful environment of the local villagers.

G

Summary of the points raised by the participants in the public hearing are being briefed by Regional Officer and same in English and Odia (vernacular language) is enclosed as Annexure-IV (A & B).

After the completion of the deliberation process the Regional Officer invited the representatives of proposed project to give a brief note on the issues related to the demand and grievances of the participants raised in the public hearing meeting.

On behalf of the project proponent, Sri Smarak Ranjan Mohanty, AVF of M/s. Kalyani Steel Ltd., has responded on the issues raised by the participants during public hearing and the same in English and Odia (vernacular language) are also given in Annexure-V (A & E). The video recording of the entire proceeding of the public hearing meeting is enclosed as Compact Disc (CD). During public hearing meeting about 92 written applications have been received from participants which are enclosed as Annexure-VI.

1. Application received from Soumya Ranjan Nayak and other (Page SI. No.1):

They have expressed their support over the proposed project for the benefits of the local area development and also demanded to provide health care facility, construction of crematory center and provision of safe drinking water supply facility and construction of Club House to the local village.

2. Applications (Page SI. No.2 to 88): The content of the applications is identical in nature, the applicant has expressed their individual support over the proposed project and intimated that, all developmental work will take place in local village, once the project commissioned at the proposes site. Most of them have requested the project proponent not to include two village ponds in the company lease hold area and leave for the local villagers.

3. The application received from Khan Julupati Aili (Page SI No.89): He has intimated that; the public hearing has been conducted without prior intimation to the local villagers and no mic announcement has been done to aware the local public about the public hearing meeting. He mentioned that the executive summary of the project has not reelected any remedial measures for the affected local people by the proposed project. He expressed through his application about the violation of R&R Policy,2023. He strongly opposed the public hearing and demanded to cancel the public hearing meeting.

4. Representation has been received from the Divine University Satsang Common Platform.(Page SI No.90): It has been informed that there is famous tourism places located in the district of Dhenkanal such as Saptasajya, Kapilash and no. of tourists are regularly visiting these places and Dhenkanal is famous for the same. However, it has been alleged that due to establishment of the proposed project the adverse impact shall take place such Environmental pollution in the surrounding areas and local people will suffer from various diseases like cancer, etc., Local agricultural farm such as mango, cashew, paddy fields, etc shall be severely affected. Village playground, cremation centers and graveyards of SC/ST people and local environment shall get affected. Local tourism shall get affected and also Wild animals, cattle shall get affected by the proposed project etc.

5. Representation received from the villagers of Talabarakote village (Page SI. No.91):

It is informed that the Talabarkote and Laxmiprasad village are world famous for its agricultural activities to produce rice, wheat, etc. There is Sal trees have been grown over private and Government land since many years. Also, the local people have planted Palm trees by the help of Government and getting benefitted out of it. Also, many local people have created mango farms and have become self-reliant. The villagers are mostly dependent on the cattle and earning their livelihood out of it which shall be immensely affected by the establishment of the proposed project. Due to the establishment of the proposed project there will be environmental pollution in the localities and local people will suffer like anything such as they will lose cultivated lands due to infertility of land due to environmental pollution and air and water will get polluted

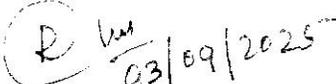

6. The application received from Titu Beherta, Talabarkote (Page SI No.92): It has been mentioned that, his land is getting included in the proposed industry and hence he is getting rehabilitated. He informed that, he has not received right valuation of the land and same has

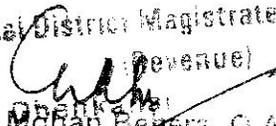

been informed to the concerned Tahasildar. So, now he requests through application to provide him genuine value of the land and properly rehabilitated them through R&B department in order to get bail.

Addl. District Magistrate has informed that the project proponent shall take steps to fulfill the demands raised by the public, development of green belt and necessary technology to be adopted to control pollution.

After the completion of deliberation, Sub-Collector, Dhenkanal Sadar has proposed the vote of thanks to the Chair as well as to the Participants present in the public hearing and the Addl. District Magistrate has announced the closing of public hearing meeting.

The meeting ended with vote of thanks to the Chair.

No. 14509 / IND-II-PH-1285

Date.31/07/2025

NOTICE

CAD-1357: It is brought to the notice of all concerned that **M/s Kalyani Steels Ltd.** has proposed to have Environmental Impact Assessment for setting up of **1.43 MTPA** Greenfield Integrated Advanced Specialty Steel Plant at village Gajamara in Dhenkanal district to obtain Environmental Clearance from Ministry of Environment, Forests & Climate Change, Govt. of India. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar to conduct Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct public hearing for Environmental Clearance and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement / sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post Besides this, persons interested to submit their views relevant to the proposed project in writing or orally may also do so during the public hearing to be conducted on 03-09-2025 at 11.00 A.M at Godipadia, Near- GP Office, Talabarkote in Dhenkanal district.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) /Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website <https://ospcboard.odisha.gov.in> free of cost.

- District Collector's Office, **Dhenkanal.**
- District Industries Center, **Dhenkanal.**
- Office of the Chief Executive Officer, **Zilla Parishad, Dhenkanal**
- Head Office of the State Pollution Control Board, Odisha, Paribesh Bhawan, A/118, Nilakanthanagar, Unit — VIII, **Bhubaneswar -12**
- Regional Office, State Pollution Control Board, Odisha, **Angul**
- Department of Forest & Environment (Environment), Govt of Odisha, **Bhubaneswar**

For any further clarification in the matter, the Regional Officer, State Pollution Control Board: Angul or the Member Secretary, State Pollution Control Board, Odisha at Bhubaneswar may be contacted.

By Order of Member Secretary
