PMGSY IN DHENKANAL DISTRICT

All the eligible connected habitation of the district are provided all weather connectivity with 1521.88 km PMGSY roads under PMGSY-I, PMGSY-II, PMGSY-III, In PMGSY-IV drive has already been taken to connect all unconnected habitation of population more than 250 population.

The PMGSY works are Quality driven as each project passes through three stage quality checks, the first Tier quality check is at the level of the Project Implementation Unit (PIU), Second Tier quality check is at the level of State Quality Monitor (SQM) and Third Tier quality check is by National Quality Monitor (NQM).

After completion of each road, it is under 5 year Defect Liability Period (DLP) & 5 year Routine Maintenance is being taken up by the contractor. The Routine Maintenance is being supervised, inspected and billed as per performance evaluation in a very systematic way in eMARG portal which is one best example of Transparency.
